

Golfing

There are 7 championship golf courses within easy reach of Cha-am meaning that all levels of golfers are welcome!

Golfing in Thailand is a real treat.

All of the golf courses offer a "pick-up" service where they will collect you from your hotel and drive you to the course.

On arrival your caddy will take your clubs and all you have to do is make it to the first tee! Dont worry if you don't have clubs as they can easily be hired for a reasonable fee in the Professional shop.

You must take a caddy but they are not expensive and can be a real help with lining up putts due to their local knowledge.

The list of golf courses in the area are:

Springfield Golf Resort and Spa

Palm Hills
